MODEL 4992

CLOSE QUARTERS TUBING CUTTER

THE NEW TUBING CUTTER MAKES **TIGHT JOBS EASY!**

1 MINIMAL CLEARANCE REQUIRED

The new Wheeler-Rex 4992 Tubing Cutter makes **tight jobs easy**.

The new Close Quarters Tubing Cutter Model 4992 is the perfect solution when you need to cut but just don't have much room, because it works with minimal clearance to do its job. Ideal for working in vanities, close to walls, wastes and overflows, and other confined spaces.

2 CUTS 1/4" TO 2-3/8" OD

When you're on the job with the Model 4992, **size doesn't matter**.

The Model 4992 adjusts to cut a wide range of non-ferrous and plastic tubing from small 1/4" tubing all the way to the largest size it can handle - 2-3/8" OD, so you won't have to stop and switch tools, saving valuable time on the job.

3 FAST WHEEL CHANGE

Change between Copper and PVC wheels quickly with **no extra tools**.

Speaking of speed, when it's time to change the cutting wheel on the Model 4992 you can quickly swap it out with our toolless design. Simply push out the push-pin, swap wheels, and you're back in action. Plastic Cutter Wheel not included.

8038 Replacement Cutter Wheel

8033 Plastic Cutter Wheel
