MODEL 6790

4" PIPE THREADING MACHINE

EFFICIENT 3-SPEED TRANSMISSION FOR ACCELERATED WORKFLOW

The 6790 features **Self-Opening Die Heads** with **Through-The-Die Head Oiling** and ultimate accuracy with quick changes between pipe sizes, producing quality threads. The 6790 offers adjustable thread length, a three-stage oil filtration system and a sturdy three-flute reamer that covers the entire 1/2"–4" range. The 6790 is a three-speed machine that is powered by a durable condenser motor with an extremely low noise level.

MODEL 6790 FEATURES:

- Less than 100 sec for 4" pipe taper thread
- Less than 20 sec for 1" pipe taper thread
- Quiet, maintenance-free condenser motor
- Compact and lightweight for its class
- Front and rear chucks
- Large capacity scrap catcher
- **Made in JAPAN**
