New & Improved Model 8190 2" Threading Machine

Upgrade your threading game this summer with the all-new Model 8190 Threading Machine by Wheeler-Rex. Its sleek and modern design is not only visually appealing but also backed by advanced features. Experience complete interchangeability with Model 300 dies and die heads, ensuring versatility and compatibility. This portable and compact machine delivers high-performance threading, thanks to its self-opening die head and through die head oiling. With cutting, threading, and reaming capabilities, it's a complete package for your threading needs.

* Interchangeable
with Model 300
